Fate of 'Seaside 19' Still Undecided

The fate of the "Seaside 19" charged with obstructing the free use of a public street during Seaside's Independence Day Parade is still undecided with the first group of defendents to be tried Sept. 22. The Defense Attorneys' major counter charge states that the anti-war marchers were denied parade permits arbitrarily and without reason because of their political beliefs and were cited selectively out of dozens of people also in the street.

A point that concides with this charge is that all of those cited are connected with the United Front Coffee House in Seaside, an establishment that has been the target of several city officials and citizens' groups.

Phase III to Start in Hannon Project

Phase three site improvement construction was scheduled to start this week in Seaside's Hannon Project with the granting of a $321,691 contract to Granite Construction Co. by the redevelopment agency of the City of Seaside.

Granite, the only bidder on the project, will build new streets, curbs and gutters, sidewalks and storm drains in the construction area, which is bordered by waring street on the east, Mingo on the south, Noche Buena on the west and on the north by La Salle.

Executive Secretary for the project, Finnly Sutton, has urged that residents in the area who have not already done so to sign and turn in the claims waiver forms distributed in the area by the agency.

"It is necessary for the property owner to sign the release form so the agency can pay for those improvements that will either be destroyed or relocated."

Chamber Endorses Worker Week

The directors of Monterey Peninsula Chamber of Commerce announce their support of the state of California's "Hire The Forty-Plus Worker" week which is now in progress.

Reasons for this support are:

* Age is a poor index of capability. Physical fitness is determined more by training, mental ability by education and experience. Energy and mental powers vary greatly among individuals of any age.

*Criteria for job openings should be based on skill, experience, ability, judgment, resourcefulness, efficiency, productivity and similar qualifications.

*Middle-aged workers, as a group, are healthier than ever before and life expectancy is steadily increasing. Forty percent of the nation's work force is over 40 and this includes the vast majority of the nation's leading businessmen.

*Records show that the forty-plus group of workers, taken as a whole, is above-average in terms of loyalty, dependability, motivation and work habits.

*The economic well-being of our community demands that employers hire the best qualified person for the job, regardless of age.

Underground Wiring Increasing

Underground electric service is being supplied to 98.9 per cent of all new residential subdivisions and developments built or planned during the first half of 1970 in the Northern and Central California area served by Pacific Gas and Electric Company.

The company said recently that 19,621 dwelling units out of a total of 19,849 single and multi-family homes and apartments will be served from underground lines when completed.

"The average incremental cost for undergrounding for most residential developers is presently down to about $50 per home," said C. E. Ginochio, PG&E senior vice president, in explaining the high undergrounding ratio. The greatly reduced cost of undergrounding, he said, results mainly from three recent developments.

First is the increased joint use of common trenches for gas and electric, telephone and cable TV lines.

Second is improved insulation on electric wires permitting greater use of "direct burial" cable not requiring conduits.

Third is more efficient trenching and back-filling machines and methods.

In addition, undergrounding for new residential subdivisions was made mandatory by the California Public Utilities Commission on May 9 of this year.

Ginochio also said that all of the 36 commercial and industrial subdivisions and shopping centers completed or under construction during the first six months of 1970 in PG&E territory will receive electric service from underground lines.

Peninsula Gets Tax Money

State Controller Houston I. Flournoy has announced the distribution of $5,924,576 to counties and cities as the August apportionment of cigarette tax.

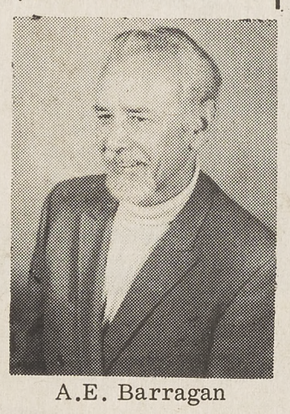
Monterey County received $7,245.15, and City of Seaside got $8,330.34. The 58 counties' share was $1,108,105 and the cities' share totaled $4,793,308.

This distribution represents 30 percent of the revenue deposited in the Cigarette Tax Fund during the month of July 1970, less 30 percent of the total administrative costs.

Other peninsula cities recieving funds were Monterey, $10,793.92; Del Rey Oaks, $661.25; Pacific Grove, $3,123.10; Sand City $175.78 and Carmel $2,445.20.

Publisher's Report
Seaside Ripples

A.E. 'Andy' Barragan, Publisher



A.E. Barragan

The registration of voters who will be eligible to vote in the November General Election for State Constitutional Officers such as Governor, etc, and for election of a United States Senator, and all congressmen, not to mention the State Senate races, and all of the Assembly offices, closed on the tenth of this month. All registrations by law have to close 55 days before the election date so as to allow the county registrars time to prepare the ballots and election lists. I have pondered many, many times to try to come up with a simpler way to register voters and still keep the elections honest and I have not yet hit on any method which beats the one we now have. I know that there must be shortcuts that many registrars are loath to put into effect because it might deprive them of complete control of the machinery. I know that many of the registrars limit the amount of registrars that they will deputize for reasons unknown or better left unsaid. It might be that they really don't want too many people to vote in some of the more rural counties.

Then again we get reports such as the one I read the other day which stated that only 26% of the voters in a certain southeastern state voted in the Primary election and we wonder if the trouble many people go to to get people registered makes any difference since they don't even vote when they do get registered. This same article tried to fathom the reasons why people didn't vote when they could. Is it because they don't have any faith that their votes does any good? Is it because they don't think that any one congressman's vote does any good? Is it because they think that they "are all crooks" as I have heard many ignorant people say? Is it because the ruling forces in our country are so well entrenched that the ordinary voter feels that he doesn't have a chance?

I think that the last reason stated, that the

DISTINGUISHED SERVICE - Dr. Robert F. Rinehart (center), who recently stepped down as Academic Dean at Naval Postgraduate School, accepts Superior Civilian Service Award from Real Admiral Robert W. McNitt (right), while Captain R. Y. Gaines, deputy superintendent of logistics, looks on. Dr. Rinehart received the Navy Department award for his outstanding leadership as head of civilian faculty at Postgraduate School for past five years. Dr. Rinehart served the government and education in many capacities before he retired. His work for the Navy during World War II earned him Medal for Merit and Medal for Freedom. (U.S. NAVY PHOTO).

O'Brien Plans To Stop Unrest

Chief Deputy Attorney General Charles A. O'Brien has announced a new ten-point program for dealing with campus unrest at a news conference at Los Angeles City College.

The Chief Deputy Attorney General said, "As the school year begins, we must take new steps to offset campus violence. Only a very small group of students on any campus are bent on violence. We must take steps to isolate these terrorists and to protect the lives and safety of the thousands of our children who are going to school this fall. We must take steps to assure that a true academic atmosphere prevaisl. We must recognize that hundreds of returning Vietnam veterans don't deserve a riot greeting them as they begin or resume their academic careers."

The program announced by O'Brien will be aimed at preparing administrators to handle campus trouble and establishing procedures which will ease unrest and handle actual disorder more effectively.

O'Brien emphasized, "It is critical that we recognize the true nature of this situation. We must reduce violence without disrupting the academic purposes of our campuses. We must be honest enough to recognize and deal with legitimate student grievances. We must draw the line between the thousands of youths who are seeking an education on our campuses and the very few who are thinking of confrontation."

The program seeks to avoid both a lack of effective response on the part of college administrators and over-reaction by law enforcement officials, O'Brien said.

The program set forth by O'Brien calls for:

*Creation of special campus grievance unit within the Attorney General's office charged with training of administrators and arbitration of grievances.

*Creation of a state-funded special 1000-man riot corps drawn from local law enforcement agencies on an expanded concept of mutual aid and developed into cohesive regional units -- supplanting the need for the National Guard except in cases of extreme emergency.

This unit must be capable of being assembled anywhere in the state in two to three hours.

*Development of new non-lethal equipment, including the water cannon, wooden projectile guns, tranquilizer guns and indelible dye guns for marking riot leaders for later arrest and new protective equipment for law enforcement.

*Training course for administrators conducted by Attorney General's special campus agency to instruct administrators in recognizing legitimate grievances and violence potential of various situations.

*Investigation of campus grievances by special unit at request of campus administrators, student groups or outside local agencies.

*Arbitration of grievances by special agency with all sides agreeing to accept results.

*If arbitration fails, special state unit assesses violence potential of situation and gathers intelligence. Unit will continue to consult with all sides, if possible, and to furnish assessment of situation to campus and local government officials.

*If riot occurs, an early

Politics '70 Will Be Discussed

"Politics '70," first discussion group to be offered this fall under the auspices of the University of Man (formerly the Monterey Peninsula Free University), will be led by Dr. Peter Besag Thursday evenings from September 17, with meetings to be held at 8 p.m. in Room H-207 on the Monterey Peninsula College campus.

The discussion, centering around the issues and candidates in the current political campaign, will include training and field work for persons interested in taking an active part in the political process. All are welcome to attend.

Dr. Besag was Monterey county chairman for a presidential candidate in the 1968 primary and for a successful senatorial candidate. He may be reached for further information on the discussion group at 624-4602.

The UFM's regular program will start in mid-October, with brochures listing all groups to be distributed soon.

Flournoy Opens Campaign

In conjunction with Governor Reagan's "team for the 70's" campaign kick-off, James L. Flournoy launched his drive to be elected Secretary of State of California with press meetings and speaking engagements in the San Francisco area on September 8.

As the first Negro in the history of California to be nominated for a constitutional office, Flournoy announced that more than 150 prominent citizens from all communities form the executive committee to lead his campaign for election.

He pointed out that the committee is comprised of leading citizens from Republican and Democratic circles, as

Hebrew Grant To Underwrite UCSC Program

The Hebrew Culture Foundation of New York City has given an initial grant of $3,000 to the University of California, Santa Cruz to help develop courses in Jewish History and Hebrew Literature.

In conjunction with the grant and several other private donations, UC Professor Emeritus Walter J. Fischel has been recalled to teach at UC, Santa Cruz as Professor of Judaic Studies and History and a Fellow of Cowell College.

The announcement was made by UCSC Chancellor Dean E. McHenry, Professor Noel Q. King, Chairman of the Committee on Religious Studies, and Associate Professor George W. Baer, Chairman of the Board of Studies in History.

Professor Fischel, an internationally recognized authority on Islamic, Jewish, and Hebrew civilization, will offer three upper division courses during the 1970-71 academic year. The courses are Advanced Hebrew Texts, which may be taken by students who have successfully studied elementary Hebrew; A History of the Jewish People from the Coming of Islam to the 19th Century; and Great Books of Hebrew Literature. He will also assist with graduate seminars in History.

"With the appointment of Professor Fischel we have a very exciting program in Judaic studies," said Professor King. "The traditional, historical approach offered by Mr. Fischel is complimented by innovative methods in the teaching of the Hebrew language being offered by Mishael Caspi, a Fellow of Merrill College."

"Students are also able to work through our field program in Israel, attending the University of Negev for six months to study the social and cultural life of the Jewish people."

Hebrew Culture Foundation Secretary A.P. Gannes said he hoped that funds will be available to make similar grants to UC, Santa Cruz for two more academic years. He said it would depend on how successful the Foundation was in its own raising of funds on an annual basis.

Professor King said that the Judaic studies program will need other private funding as well if it is to continue on as broad a scope as the 1970-71 year.

Reinecke Makes Appeal For Prisoners

Lieutenant Governor Ed Reinecke has made an appeal to all California veterans to join a statewide drive to obtain 10 million signatures seeking the release of American prisoners of war now being held by the North Vietnamese.

Reinecke said he is sending letters to all American Legion, Veterans of Foreign Wars, Disabled American Veterans and Prisoner of War posts in California urging them to join the drive.

Reinecke suggested Veterans Day, November 11, as a deadline for obtaining the signatures and offered his office as a center for sending signed petitions and letters to be forwarded to Hanoi. The mail can be addressed to Lt. Gov. Ed Reinecke, Room 209, State Capitol, Sacramento, Calif. 95814.

Reinecke said, "Hanoi has indicated they are conscious of public opinion here in America and this project is aimed at presenting to the leaders of that Communist nation the demands of a large segment of the American public for the release of the prisoners or, at least, the humane treatment of our men.

"I feel that the men who have fought in previous wars, those who may have been wounded or were prisoners themselves, are the ideal ones to lead such a project. If Hanoi will not release these men, then we can demand that they be given adequate food, medical attention, visitation by Red Cross workers and, most important, the right to free exchange of mail to and from the prisoners as

Grooving Around The Peninsula

with Betty Mann

Hi There Fellow Peninsulans:

I'm back! after a weekend vacation. Happenings over the Labor Day weekend was a trip to Reno by chartered bus, sponsored by the Reagents Club. The bus left at 8 p.m. Friday nite for a bit of gambling, fun and games!

For me, it was an enjoyable assignment for the newspaper; the purpose was to cover a human interest story on one of these gambling trips to reno. WOW! I got a story that turned out to be an unhappy story! The passenger list consisted of 8 males and 22 female adults, all excited and full of good spirits and looking forward to a weekend of FUN. The very likeable, middle-aged bus driver fitted in perfectly with the joyous group aboard. After about five minutes on the highway, the bus gave a sudden lurch and everyone was almost thrown from their seats. There, lo and behold! in front of the bus was one of the drunkest (inebriated) male drivers I have ever had the unfortunate opportunity to ride behind. The bus driver spoke over the loudspeaker and asked everyone to be patient, that we had a drunk driver in front of the bus, and he wanted to stay a safe distance behind him.

Then the excitement started! this fellow in front was weaving and bobbing, from the right lane to the left lane as if he was driving on an obstacle course for a TV commercial. He would almist hit a telephone pole and then, in a ahir breadth last split second, he would miss it. His car flirted with every telephone pole, bridge and embankment, all the way past Marina and almost to the highway. Everyone on the bus was in hysterics. The bus driver tried to get close enough to get the license of the car, but was afraid of an oncoming accident. The bus driver turned on his overhead warning lights hoping to warn other drivers in the left lane to beware, but it didn't help. You have probably read about the accident in the Herald. I was able to transmit a bit of info through one of the news reporters covering this horrible tragedy. I was not permitted to leave the bus to get the full coverage, so I gave what facts I would from looking out the window. Although I am a full-fledged news reporter, with press credentials that entitle me to cover any accidents, I was not allowed to leave the bus. It was very ironic that I was detained from getting off the bus by certain individuals, who at one time or another have appealed to the public not to recognize them as females, but as individuals, who wish to perform certain civic and business obligations in their community. Being a news reporter given the responsibility to cover a human interest sotry (and here was a good one) WOW! I was surpressed! Now I know what the Women's Liberation Movement is all about (smiles).

Well on to the story! After our drunk driver continued his prowess, everyone knew that death or disaster would come in a few moments either to him or to some unfortunate unsuspecting person ahead. Suddenly out of the nite a car came flying through the air and flipped over three times. Then came the sound of crashing metal and finally silence. The bus stopped immediately. The bus driver and four male passengers on the bus, ran to rescue the occupants from the wreckage because it was believed, at first, that the car was on fire. Christopher Clark rescued the woman who was hanging in midair by her seatbelt (this probably saved her life). Her husband was rescued by Sgt. Samuel Simmons, Sam Lindsay and SFC Coursey. (I found out later upon returning to Seaside the couple's name was Mr. and Mrs. Webster from Clovis, California. The drunk driver was Mr. Giles of Salinas). After the couple was rescued and out of danger, the highway patrol arrived and radioed ahead an all points bulletin to apprehend the drunk driver, who probably was not aware that he had caused an accident; we all began to wonder how many more such tragedies would occur before he would be apprehended by the Highway Patrol. About 15 miles up the highway (he managed to reach 101), the Highway Patrol had stopped our fellow. He was so inebriated he couldn't stand up. The bus driver got off the bus to give eyewitness testimony and then finally we were on our way to Reno, with spirits and emotions drained. Two ladies were so shaken by the tragedy they got off the bus in Gilroy.

I just wanted to share a bit of tragedy with you readers in hopes that if any of you have a habit of drinking and driving, you should have been in my seat! I'm sure that you would have kicked the habit. COMMENDATIONS go to the bus driver and the four male passengers who risked their lives to rescue this couple from the smoking wreck.

By the way, don't let this unfortunate accident detain any of you from going on any of these trips that are constantly being scheduled by many of the social clubs in the area as fund raising events. An accident is more likely to happen in your own car, rather than a bus, train or airplane. These overnite trips to Reno are loads of fun. The trip costs $15 and $7 is refunded upon arriving in Reno. The bus usually

Ord Wives Hold First Luncheon

The first luncheon of the fall season for the Officers Wives Club (OWC) at Ft. Ord featured a talk by Major General Phillip B. Davidson Jr., the post's commanding general.

After a witty but informative description of the four components of the Ft. Ord complex and the functions of the various military units stationed at each, General Davidson introduced four members of his staff for a lively question and answer session about services available to military families living on post.

Colonel H.E. Curry, director of Facilities Engineering, received most of the questions, but Colonel J.L. Bradley, director of Medical Activities, Colonel P.C. Root Jr., director of Personnel and Community Activities and Colonel R.G. Byrne, director of Industrial Operations, also had chances to explain the workings of their groups as they affect resident families.

Mrs. C. A. Christin Jr., president of OWC, introduced guests attending the luncheon and members of the OWC board.

Guests honored were Mrs. Davidson; Mrs. Thomas Brown, wife of the commanding general of Combat Developments Command Experimentation Command; Mrs. J. L. Bradley, wife of the director of Medical Activities at Ft. Ordñ Mrs. Claude Clark, wife of the post sergeant major; and Mrs. John Mitchell, president of the Non-Commissioned Officers Wives Club.

The luncheon, served at the Ft. Ord Officers Club, was preceded by a wine tasting session conducted by representatives of the Paul Masson Winery. Hostesses of the day were members of the Medical Activities Auxilliary, with Mrs. W.D. Emerson serving as chairman.

Bicentennial Closing Plans Underway

Old Monterey Bicentennial President George Clemens has announced plans aimed toward ending the 1970 successful celebration with a grand party October 25 and closing the headquarters office in the Fremont Adobe Building Monterey.

Members of the closing day party committee are bicentennial executive director Ruth Ware, general chairman; Colonel Allen Griffin; Jack Dougherty; Randall Ward; John Fratessa; Rosemarie Ansel; Mary Dixon; Don Likas and Jean Darrah.

Ex-officio members are President Clemens and Robert Littlefield, Bicentennial organization treasurer.

An all Monterey County party is planned with the theme of "American Day in Monterey." Details of scheduling the entertainment and events program are now underway with this veteran committee of Bicentennial staff and volunteer workers.

Clemens said there will be several Bicentennial office staff changes on October 1. Bicentennial executive director, Mrs. Ware, has accepted the position of executive director of The Carmel Foundation. Although she assumes her new position duties October 1, Mrs. Ware will continue as Old Monterey Bicentennial executive director on a part time basis.

Mary Frances Crowe will become assistant executive director the first of October and will also continue her present duties as public relations director through the month of October.

Clemens added, "This orderly transition of a dedicated and qualified worker such as Mrs. Ware to another community service position on the Peninsula, has been made possible through the cooperation of Mrs. Crowe, who has agreed to accept the added responsibility until the closing of Old Monterey's Bicentennial celebration."

O'Brien Plans To Stop Unrest

Continued from Page 1

determination will be made whether the situation can be handled by local authorities or special riot corps is needed. If special corps is needed, it will move in along with specially trained deputy attorneys general who will act as legal advisors and official observers.

*Aphotographic team will move in from the Attorney General's office to provice sound-film record of riot occurrences to factually determine actions by both rioters and police agencies. Thus, identifying riot leaders and preventing the questions which arose, for example, in Isla Vista and Kent State.

*An immediate critique of the operation will be conducted by the special unit covering everything from the initial grievances through the conclusion of disorder. This will include a detailed intelligence analysis of arrested rioters to determine the character of the rioters and develop profiles of professional agitators. An analysis of the failure or success of government response will also be conducted.

Artists To Show Work At Festival

The work of two Northern California artists, Tio Gaiambruni and Barbara Stauffacher Solomon, will be on exhibit during the Monterey Jazz Festival, which opens tomorrow night.

The exhibition takes the place of the judged art competition of previous years.

"The philosophy behind the exhibit," says Richard K. Marshall, the Festival's exhibit coordinator, "is to bring together, during the Monterey Jazz Festival, not only top ranking artists in the music world, but to juxtapose artists using another medium of expression. That one area of the arts -- music -- sponsors and helps promote another area of the arts -- graphic or sculptural -- seems to be a valid undertaking."

The artists who will show their work were chosen by a panel of judges consisting of three outstanding museum directors: Ron Caya of the Walnut Creek Civic Arts Center, Hayward King, formerly of the Richmond Art Center, and Gerald Nordland of the San Francisco Museum.

Sculptor Tio Giambruni, Associate Professor of Art at the University of California at Davis, is, according to Marshall, "a first class monumental sculptor." His exhibit will include two of his huge aluminum sculptures, entitled "I Can Tell By Your Outfit" and "T and H Road", which were also represented at his 1967 show at the San Francisco Museum of Art. His work has also been shown in New York and at the Berkeley Gallery in San Francisco.

Giambruni's use of aluminum forms is both powerful and imaginative. He combines seemingly utilitarian structural objects with the spatial and imaginative direction of monumental sculpture.

Barbara Stauffacher Solomon, a graphic artist of high repute, will be showing ten large enameled multibales which she calls "Signs."

Mrs. Stauffacher Solomon was educated at the San Francisco Art Institute, the University of California at Berkeley, the New York Art Students' League and the Institute of Graphic Design in Basel, Switzerland.

She has lectured at art and design schools across the country and has acted as design consultant for numerous projects ranging from the Bank of America World Headquarters in San Francisco to the Berlin Medical Center in Germany.

She has exhibited her works throughout the United States and Europe and her designs have won awards throughout the United States and Europe and her designs have won awards annually from such organizations as the American Institute of Architects, the Western Association of Art Museums, and the American Institute of Graphic Arts.

Who Cares

Mel Vercoe

Sometimes we get too close to issues to be able to see them well. A routine matter that we back off and study a bit may change to seriously routine. If we back off a little further and look at it again, it has become something else-maybe humorously tragic.

Our present race for the governor's job here in California might be just another dull election campaign to someone not much interested in politics, but if you have a capacity for a little humor, then I suggest you switch off Milton Berle and Spiro Agnew and read about Ronnie's opponent, Jess Unruh.

If you can picture a footrace contestant arriving at the racetrack after the race has started, and then, frantically running around trying to find out which direction the other runners went, then you have the picture of Mr. Unruh giving Mr. Reagan token opposition in this election that we are told is so important to so many people and in so many issues. Up to this point it is funny, more so to Republicans than to Democrats.

But then, when we get a glimpse of the racetrack and notice that there are only two contestants - one on the track and one off. Suddenly we remember that California does have some serious questions about policies and priorities, some of which desperately need changing. We also realize that it is a foregone conclusion that after the election nothing will be changed. Then this thing is not quite so funny. It becomes humorously tragic or tragic or just plain unnecessary and senseless - take your choice.

So, just as some of our Presidential and Congressional selections go by default to the less desirable of mostly undesirable candidates, our present governor, who would probably be ousted by an acceptable, sincere-looking opponent with almost anything at all to offer, will win by default and really doesn't need to even campaign.

In California, with 20 million residents, probably one million males could qualify by age and education for the governorship. Yet, only one man, Jess Unruh, has volunteered to challenge Mr. Reagan. And all this while hundreds of prominent politicians and busibessmen and civic leaders loudly decry Mr. Reagan's short comings. Where are all these dedicated citizens when the call goes out for volunteers to get into the race? Methinks their courage must fade slightly at sight of the filing application.

This brings us to this week's most humorous conclusion - that the people of California and of the United States get just about what they deserve. At the very best only about two voters out of three bother to cast ballots. Of the two who do vote, maybe one, and only one, has taken the trouble to examine the issues or the candidates beyond noticing that one candidate is more attractive than the other or has a better bedside manner.

KILLER

Seaside Ripples

Continued from page 1

ordinary voter doesn't have a chance against the entrenched interests, is the one closest to the truth as to why many voters don't even bother to vote. The facts are that we have elected three presidents in the last ten years since the beginning of the Vietnam War, each with different backgrounds, each with a different personality, each dynamic in his own way, each with a strong following, they were from different parties Democrat and Republican, yet not one of them has been able to end the war in Vietnam either through victory or negotiation. I could be wrong but I don't know of any ordinary citizen who is in favor of the Military adventure in Vietnam. True, there are many who want to "contain" Communism and who feel that we have to do it at every juncture but even those have seen the futility of the war because we haven't gone in and destroyed the enemy with our atomic weapons. So even they see no hope in a hopeless situation. The others who would like to withdraw today are also on the horns of a dilemma as even they realize that just the mechanics of a withdrawal can't take place overnight. So it is readily evident why the Congress with these divided interests pulling them back and forth lacks the guts to take us out of a situation which no one wants. The second most important issue before the American People next to "Peace" is "Inflation" and its resultant disaster to the unemployed worker and the small and large businessman. Again, the last three presidents and their respective Congresses haven't been able to stem the tide of either unemployment nor inflation. It is an anomaly where you have the highest number of unemployed together with the highest prices. Did you realize that between 25% to 30% of the employable youth are out of work in our area. Where are the young servicemen being let out of the Army going to get a job in that kind of market. Do you realize how many businesses small and large have gone bankrupt in the last few years? And do any of us know how much money the banks and other financial institutions must be making out of the misery of inflation. But even some of them don't like the high interest rates because they are conservative enough to know that for every up there has to be a down.

I mention the two most important issues facing the American people, "Peace and Inflation" in this article about voters because in the long run whether we believe it or not...things are not going to get done in either the White House nor in the halls of Congress until we force our leaders to do something about it. How can these leaders believe in what they are doing if only 26% of the voters who represent only about one fourth of the people bother to get out and vote. Whey should these leaders fear reprisals from their own constituencies when more than likely only a little more than half of the voters will get out in November and vote. Our leaders are only reflecting the same complacency that exists in our own minds and until we change our thinking to one of "doing something about it" rather that letting it ride so as not to "Rock the boat" there is not going to be any change...

Letter to Editor

The Editors of the POST print the following letter as we have all others without prejudice or comment. We neither endorse nor condemn any articles which appear as such but leave the columns of this newspaper open for any person or group which claims to have a greivance to report...EDITOR

Editor:

I would like to take this opportunity to sincerely thank you for the way you have put your newspaper together, both as a subscriber and an advertiser.

As an advertiser we have done both individual advertising and national advertising. The results of both display advertising and classified advertising in the "Peddler" have shown remarkable results, compared to other medias I have used.

I have advertised most of the products I sell, such as Curtis-Mathes, Packard Bell, Craig, Morse, Sharp and many other brands as well as our complete service department, on service repairs of all make T.V.'s and sewing machines.

I feel safe in saying that the advertising in your newspaper has doubled my service department.

At this time I would like to congratulate you for a "job well done" and keep up the good work.

Sincerely,

W. L. Eckels, Manager
Seaside T.V. & Electronics

Appeal For Prisoners

Continued from Page 1

called for in the Geneva Convention."

The Lieutenant Governor stressed that the project is just beginning to get off the ground and help from any and all organizations, such as Rotary, Kiwanis, Optimist and Lions Clubs, and the Junior Chamber of Commerce and their auxiliaries, will be welcome.

"This is a project in which we can all get involved," Reinecke said, "whether we approve of the war or not. The campaign should be nonpartisan, with but a single goal in mind.

"This is not a question of whether we should or should not be in Vietnam, or whether the war is right or wrong," he said. "Whenever our men in service are captured by the enemy they deserve treatment as human beings as called for in the Geneva Convention."

The Lieutenant Governor said that veterans' organizations and other groups will be asked to circulate petitions throughout their own communities and counties for signatures of patroitic Americans willing to take a stand seeking decent treatment of American prisoners.

The petitions, Reinecke said, will contain the following plea:

"We, the undersigned American citizens, protest the present treatment of captured American servicemen held by North Vietnam and plead with the Hanoi government to grant freedom to these men, or at least guarantee that they will receive treatment as proposed under the Geneva Convention, including adequate food, medical care, visitation by Red Cross representatives and free exchange of mail between them and their families.

ELIGIBLE

Over 65? You may be eligible for property tax assistance under the Senior Citizens Property Tax Assistance Law. For information, write Senior Citizens Property Tax Assistance, P.O. Box 1588, Sacramento, California 95807.

Flournoy Opens

Continued from Page 1

well as Negro and other minority communities in California.

Heading the statewide effort is John B. Kilroy, prominent land developer, and Peter W. Dauterive, southern California savings and loan executive.

Northern California Chairmen are Mrs. Frank M. Jordan, widow of the former Secretary of State; George Milias, runner-up to Flournoy in the Republican primary and James C. Dodd, Sacramento architect and president of the Black Republicans of California.

Samuel S. Bretzfield, womens' apparel manufacturer, is serving as finance chairman.

Among the cross-section of community leaders spearheading Flournoy's campaign are: Earl Adams, James T. Agajanian, Ted Ashjian, Edward H. Ballard, George Beavers, Noah Ben-Tovim, Steve Broidy, Fritz B. Burns, Asa Call, Rev. Earl Cotton, Ennis Cotton Hernando Courtright, Roy P. Crocker and Raul de Campus.

Others include Roy O. Disney, Fred M. Dowd, Charles Ducommun, Buddy Ebsen, J. Howard Edgerton, Frank L. Fouce, Nathan O. Freedman, Johnny Grant, Rev. E. V. Hill, Lynn Hillburn, Preston Hotchkis, Walt Hintzen, Norman B. Houston, Ray Jauregui and Father Frank Kelly.

Still others are Yolk T. Lew, Senator William F. Knowland, John McFadden, Arch Monson, William Orozco, Tom Pike, Henry Salvatori, Frank E. Tatum, Mrs. Norman Taurog, Mrs. Muriel Upfill, Fred I. Wada, John Wayne and Wilbur Woo.

Changes Jobs

Grover Spotts, who has lived in this area for many years and was office manager for Fortier in Monterey until the office closed recently, has now joined Professional Otometric Associates of 406 Main Street, Salinas, and 507 A Central Avenue, Pacific Grove, as an associate in the hearing aid business.

He brings many years of experience in the optical and hearing aid business to the company and is anxious to continue serving his many friends and patients in their needs.

BEER CONSUMPTION INCREASES

Per capita beer consumption in California last year was 17.7 gallons, a post-prohibition high, and up from 17 gallons in 1968.

fight litter

In the Pacific Coast states of Washington, Oregon and California, your local brewers have joined with their counterparts throughout the nation to launch an all-out attack on litter.

Our goal — to preserve the beauty of the West and its economic well-being.

But, we can't do the job alone. Litter is a problem for all people and its solution lies within us all.

Won't you please help by doing your part?

BIRTHDAY PARTY – Expert American Legion barbecue steak dinner with all trimmings at 173rd birthday celebration at Old Mission San Miguel on September 20.

Country Has Job Opening

The County of Monterey is now accpeting applications for the position of Plan Check Engineer to perform responsible checking of commercial and complicated residential building plans for the Building Inspection Department.

Plan Check Engineer, at a salary range of $949-$1,179 a month, requires education or experience equivalent to graduation from a recognized four-year college or university with major work in structural, architectural or civil engineering; plus 3 years of progressively responsible professional engineering experience, one year of which should have involved structural design or checking of building plans. The final date for accepting applications is September 25.

Further information regarding these positions is available from the County Personnel Office, POB 180, Salinas, CA 93901; phone 424-8611, extension 284.

GOOD MEDICINE

Millions of Americans have high blood pressure. Most of them are getting along well on drugs and diet changes recommended by a physician, says the Central Mission Trails Heart Association

Mission to Celebrate Birthday

Sunday, September 20, the Franciscan Old Mission San Miguel, in the town of San Miguel, celebrates its 173rd birthday and the feast of St. Michael the Archangel, its patron, with a fiesta and barbecue rich in color and spiced with traditions of early California Spanish-colonial days.

Festivities will start with the Fiesta Mass at 10 a.m., in the Old Mission Church. Ancient Spanish vestments from the mission museum will be worn.

A special fiesta narration will be given by Padre Hilary Hobrecht, O.F.M., of the Old Mission.

Expert American Legion barbecue chefs will serve an old-time barbecue dinner with 14-ounce top sirloin steaks, salsa, beans, garlic bread and coffee, from 12 noon to 4 p.m.

Barbecue tickets are $3.50 for adults and $1.25 for children. Guests are asked to bring their own silverware, if possible.

Master of ceremonies will be personable Bob Mann of San Miguel. Fiesta entertainment, by accomplished musicians, will be lively and will balanced with each group appealing to different segments of the fiesta throng. There will be an organ concert by Mary Anderson, featuring both fiesta and popular music. Then, Franciscan Friar Vincent Mesi, soloist, accompanied by guitarist Dave Leary, will sing the very late, popular music. Following, the orchestra of the Larsen family (father and sons) will play gay fiesta music. All three groups will give three performances during the fiesta.

Proceeds will be used for the benefit of restoration and maintenance of the historic Old Mission.

The public is invited to roam the colorful, historic mission grounds at will.

Visitors may tour the ancient cloister, mission museum and the picturesque Old Mission monastery garden. They may also see the spectacular Old Mission church interior and its original decorations and sanctuary which are the best preserved of all 21 California missions.

The Old Mission is located in the town of San Miguel, on Highway 101, seven miles north of Paso Robles.

Watercolors By McClure On Exhibit

An exhibit of watercolor painting of early California lumber schooners by Darrell McClure is on display in The Sea Ranch Lodge thru September.

Most of the early schooners loaded lumber for San Francisco from the protected coves along the shoreline of The Sea Ranch located in northern Sonoma County on State Highway 1.

McClure is the famed cartoonist who drew "Little Annie Rooney" comic strip for thirty five years under contract with King Features Syndicate. He studied art at the Mark Hopkins Institute and as a seaman sailed on freight schooners on both the Atlantic and Pacific oceans.

He now lives in Mendocino and has achieved additional recognition as a noted watercolor artist specializing in the painting of famous old sailing ships.

Religious Programs To Be Presented

A series of six programs, each providing a religious focus on an issue of the day, has been scheduled at Monterey Peninsula College by a group called Christians Who Care -- A Community Forum.

Launching the series will be a talk by Rosemary Goodenough on Friday, September 25, at 8:00 p.m. in Monterey Peninsula College Lecture-Forum 102.

Mrs. Goodenough, founder of Friends Outside, will discuss her organization's work with prisoners in county jails and state institutions, and with their families.

Titled "Am I My Brother's Brother?" the talk will be followed on October 23 by a panel, "Is My Drug More Moral Than Your Drug?" headed by Dr. John Fryckman. Dr. Fryckman is in charge of Carmel Unified School District's drug-abuse education program and a faculty member for the adult education program launched by California State College at Hayward.

The third pre-Christmas speaker will be Robert Pickus of Berkeley, representing A World Without War. He will speak November 20 on the topic "Religion and Peace --What A Mess!"

The series will continue after the first of the year with three more programs; the topics will be selected from among such issues as abortion, family life, changing roles in the church and youth revolution. Inquiries for tickets may be directed to Christians Who Care, 101 Pearl St., Monterey.

survivors

The majoritu of patients survive their first heart attack and return to productive activity, says the Central Mission Trails Heart Association.

Slimnastic Class To Begin Soon

A twelve week class in Slimnastics starts Monday, September 28, at 9 a.m. at All Saints Episcopal Church, Carmel.

It will meet Mondays and Wednesdays 9:30 to 10:30 a.m. under the direction of Mrs. Al Veterane.

Registration requirements are membership in YWCA, which is $5 plus $2 for class dues.

Dr. Margaret E. Bennett, chairman of the program committee, announces plans for other classes in bridge, yoga, dancing, cooking and serving besides sensitivity group experience and English lessons for foreigners.

For further information call the office 624-3506 on weekdays between 2-4 p.m.

Lesson Will Concern Materialism

Emphasis on materialism is a modern form of idolatry and can be counteracted by an understanding of the Ten Commandments as explained in the Lesson-Sermon on "Matter" to be read in all Christian Science churches on the Monterey Peninsula on Sunday, September 20.

"We bow down to matter, and entertain finite thoughts of God like the pagan idolater," states one of the readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, discoverer and founder of Christian Science. "Mortals are inclined to fear and to obey what they consider a material body more than they do a spiritual God."

The Bible citations include the First Commandment, "Thou shalt have no other gods before me," and the other nine commandments.

All are welcome to attend services beginning at 11 a.m. at Christian Science churches on the peninsula.

GUIDE DOG - Carolyn Cathcart walks with her guide dog, Theo, before leaving for classes at UC, Berkeley.

RE-ENLISTMENT TROPHY - Commanding General's Trophy for most re-enlistments in fiscal year 1970 is presented to Fourth Combat Support Training Brigade. On hand for presentation are: (from left) Lieutenant Colonel Allan T. Ford, commanding officer of Fourth CST Brigade; Brigadier General Glen C. Long, who made the presentation; Command Sergeant Major Franklin C. Jones and Staff Sergeant James Enslow, brigade career counselor.

Guide Dogs Open Drive

The Monterey Peninsula Guide Dog Committee launched its annual membership drive for the San Rafael organization on September 15 with a fashion show-supper party at the new Rancho Canada Golf Club in Carmel Valley. Chairman was Mrs. Van Court Warren of Pebble Beach.

Among the models were Mrs. Pierpont M. Hamilton of Santa Barbara, president of Guide Dogs for the Blind, Inc.

Most recent Peninsula graduate of Guide Dogs for the Blind is 19-year-old Carolyn Cathcart of Seaside. On August 15, after a 28-day training course, Carolyn received Guide Dog Theo, a Labrador retriever who will be her "eyes" on campus this fall at U.C. Berkeley, where she in enrolled as a psychology major.

Other county graduates of the non-profit organization are Ronald Carey and Henri Ledeboer of Pacific Grove; Arthur W. McBride of Salinas and Eben Whittlesey of Carmel.

Both the valuable animals and the in-residence training are provided free of any charge to the blind students. Guide Dogs for the Blind is supported entirely by private contributions and receives no federal or state funds.

A rebuilding project begun in 1966 is two-thirds completed, with both the new kennels and student dormitory in use. Phase three of the expansion--construction of the new administration building--will commence this fall.

Persons who wish to contribute during the month-long membership drive may send their tax-deductible donation to Guide Dogs for the Blind, Inc., POB 1200, San Rafael 94902.

Fall Film Series to Open Soon

Monterey Peninsula College will open its 1970-71 series of community events this month with two nominally priced film series, Dr. Keith Merril, MPC dean of community education, has announced.

The annual fall film series will feature twelve "great classics" to be shown in groups of two per month, generally on consecutive Friday and Saturday evenings, with each pair illustrating a single theme. All performances will start at 8 p.m. in the college theater.

A documentary series entitled "Man and His World" will feature monthly programs through May 1971, with each to be presented twice in the college theater: at 8 p.m. on a Friday or Saturday and again at 2:30 p.m. on the Sunday following to accommodate senior citizens and others who would prefer to attend during daylight hours.

The "great classics" series will open Friday, September 18, with "All Quiet on the Western Front," the film which won two Academy Awards in 1930. It will be followed on Saturday, September 19, with "Grand Illusion," jean Renoir's 1937 anti-war masterpiece.

Subsequent films will include "The Prisoner of Zenda" (1952) and "The Adventures of Robin Hood" (Errol Flynn, 1938) in October; "Wild Horses of Fire" and "The Forty-First" - both from Rusia - in November; Cocteau's "Beauty and the Beast" and "The Devil's Envoys" - both from France - in December; "A Man Escapes" (French) and "Outcast of the Islands" (English) in January and "The Pickwick Papers" and "The Wrong Box" - both British - in February.

The first program of the documentary series, scheduled for an initial performance on the evening of Friday, September 25, and a repeat screening on the afternoon of Sunday, September 27, will be a duo of 50-minute color features, "The Voyage of the Brigantine Yankee" and Yankee Sails Across Europe," both depicting the travels in a two-masted sailing vessel of Captain and Mrs. Irving Johnson.

Subsequent docuementaries will include: "Epic of Flight" and "Eagle Has Landed-Apollo 11," October 3 and 4; "Miss Goodall and the Wild Chipanzees" and "Masters of the Congo Jungle," October 24 and 25; two films on Leonardo da Vinci in November; "Alleman" (The Human Dutch) in December; "Chronicle of Anna Magdalena Bach," January; "The True Glory" and "Le Retour" February; "Voyage to the Enchanted Isles" and "Sahara - L Caravane du Sel," March; "Hunters of the Deep" and "Carnival Under the Sea," April and "Olympia II: Festival of Beauty," May.

Series tickets for both schedules will be available in the MPC community service office in the administration building on campus from September 11, and brochures describing all films will be available soon. Phone inquires may be made at 375-9821, Ext. 335. Mail orders, containing checks made out to "Monterey Peninsula College," should be sent to MPC Community Services, 980 Fremont, Monterey.

PG&E Offers Schools Film News Digest

Outer space, the inner reaches of the ocean floor, the growing crisis of ecology and many other subjects of academic interest to junior and senior high school students will be explored in the current series of Screen News Digest movies.

The films, offered in inie monthly issues during the academic year, are made available to schools free of charge by Pacific Gas and Electric Company. This is the eighth year the company has sponsored the film series, cited three times by the Freedoms Foundation for its "outstanding contribution to a better understanding of the American way of life."

History, as it happens around the globe, is recorded on film for the series to give students the opportunity to study some of the dangers, challenges and opportunities facing the nation and its citizens.

Issues of Screen News Digest scheduled for distribution beginning in September by PG&E include a full-length color documentary on a unique water reclamation project in Santee (San Diego County); the 25th anniversary of the United Nations; the underwater mission of six women aquanauts in Tektite II; the lunar journey of Apollo 14 and the search for peace in the Middle East.

LABOR FORCE

The California brewing industry employs an average, throughout the year, of more than 4,000 workers whose wages and salaries amount to $37 million per year.

Approximately 940,000 servicemen were separated from military service during fiscal year 1969, according to VA's annual report.

Youth Day Is Today

Youth will greet youth at Santa Cruz County fairgrounds today, September 17, when the fair's junior hostesses and junior fair board members entertain members of the Young Californians at a luncheon in the Hospitality Room in J.J. Crosetti Expo Hall.

The Young Californians are a band of youth singers who will be among the entertainers at the five-day fair which opened September 16.

As a very special introduction to the Pajaro Valley and its products, the highlight of the luncheon menu will be apple pie.

Junior fair board members have asked for the pies of the finalists in the apple pie baking contest co-sponsored by the California Apple Advisory Board and the fair (except for the top three prize-winning pies, which will be on display in the Harvest Festival Building during the fair). These pies will be the featured dessert served at the luncheon.

The Young Californians, who have appeared on television in the bay area, are a group of singing teenagers.

The Young Californians also are featured on the professional show at the main grandstand during fairtime. They will appear at afternoon and evening shows, through Saturday.

DON'T TAKE YOUR BUGGY

If you're having parking problems at the Oakland Coliseum, the fastest way into and out of the huge lot is by bus. They get special treatment.

Navy Golf Course Set For Expansion

The nine-hole golf course at the Naval Postgraduate School is scheduled for expansion to a full 18, with construction to begin this year.

According to Larry Sparks, the school's recreation director, the new 18-hole course should be playable late next year. The course architect is Robert Muir Graves of Lafayette, California, who designed the Carmel Valley Golf and Country Club.

The par-67 layout will be composed of eight par threes, seven par fours and three par fives. The course will be 5,535 yards long and dotted with five lakes.

The expansion will be funded exclusively by non-appropriated monies generated by the profits of Navy Exchanges.

Sparks explains that the new nine will be integrated into the existing nine and will partially be carved out of Navy property now devoid of vegetation. Underground sprinklers will be installed there and over 500 trees planted. Some expansion land will come from the present driving range, which in turn will be moved to what is now the No. 9 fairway.

Sparks states that "the need for expanded recreational facilities at the Postgraduate School has become more acute as our student enrollment has grown in recent years. I might add that this new course will serve not only our own people but will be made available to other military personnel on the Peninsula."

Ten years ago, at Johns Hopkins Hospital in Baltimore a life-saving emergency procedure called cardiopulmonary resuscitation was discovered. The Central Mission Trails Heart Association says that hundreds of persons in the Santa Cruz/Monterey/San Benito area are alive today because of the invention of the technique.

The wheels that power our car are also the wheels that steer our car.
That way they can't disagree.
When you start to take a curve in a car with rear wheel drive, the power built up in the rear wheels makes them want to keep going straight.
That's why the Austin America has front wheel drive. Just point it in a direction and that's the direction it goes.
Come in and see a car that can pull you around the toughest corner.
Austin America. The perfect second car.

MONTEREY PENINSULA AUTO CENTER
4 Heitzinger Plaza, Seaside
394-6741

Preparations are well underway for a month long Thrift Shop Sale by the Auxiliary of the Community Hospital of the Monterey Peninsula. The Monterey Peninsula Volunteer Services will open their Thrift Shop at 7835 Broadway, Seaside, for the sale from noon to 4 p.m. each weekday, October 5-30. Merchandise of every description will be available; from rugs to chandeliers for the house, from shoes to wigs for the ladies and from nuts and bolts to automobile tires for the men--and wonderful toys for the kids.

Mrs. George Mack is the Auxiliary Thrift Shop Sale Chairman, Mrs. Robinson is Pick-up Chairman and Mrs. Broome is Receiving Chairman. MPVS Thrift Shop Chairman is Mrs. George Macy, Mrs. O.C. Peters and Mrs. Frank Minerva are in charge of pricing.

Donations of merchandise for the sale are eagerly sought and arrangements for their pick-up may be made by calling Mrs. Robinson at 659-2538 or the Auxiliary Desk at the Hospital, 624-5311. Donations are, of course, tax deductible.

The Volkswagen Bus was a gift to the Hospital by Wester Motors a year ago and was made available to the Auxiliary during this preparation period. The Naval Air Landing Facility has opened and cleared a quonset hut for sorting and storage purposes.

Vega Is On Sale

Chevrolet Motor Division through Roller Chevrolet has announced the list price for tis Vega 2300, the new small car which went on sale September 10.

The list prices for the three passenger car models are $1,950 for the two-door sedan; $2,050 for the hatchback styled sports coupe; and $2,175 for the sporty two-door station wagon. In addition, a Vega panel express truck will be offered at a list price of $1,950.

The announced prices do not include federal, state and local taxes, destination charges and dealer preparation charge.

The Vega does include as standard equipment many features which are exclusive in its field. Among these are power-flow ventilation for passenger comfort, steel side-guard beams in the doors, advanced double-panel roof construction and new full foam molded seats in both the front and rear which provides added passenger comfort.

Front disc brakes are standard on the Vega, as is a new lightweight overhead cam 4-cylinder engine specially designed and built in America to meet the performance needs of this nation's drivers while at the same time offering excellent fuel economy for cars of its class.

The Vega is longer and wider and offers greater shoulder and leg room than some of the popular selling imports. It provides greater passenger comfort and offers more trunk space. Vega's excellent handling is due to a specially designed front suspension and steering system that gives high cornering ability, responsive steering and minimizes driver fatigue on long trips.

Less expensive maintenance and ease of serviceability were major factors in the design of all four Vega models. For example, the Vega features bolt-on fenders and an easily removable grille and bumper.

The Vega standard transmission is a three-speed manual. In addition, there are three optional transmissions--a four-speed synchromesh, a semi-automatic Torque Drive and a fully automatic powerglide.

Other options not usually available on imported vehicles of this class include power steering and built-in air conditioning.

Black Pastor Opens Senate

The Rev. Dr. J.H. Satterwhite, black minister of Trinity AME Zion Church in Washington, D.C., offered the following prayer at a recent convening of the United States Senate:

"O God, Our Father, you have revealed you will to persons in the past. Grant to the President and the members of the Senate the revelation of your wisdom through which in our own day they may make your will known in our land.

"Reveal yourself to them, that through their work our country may come to know justice, equality and love for all people.

"Help them to make human life more human for all and

According to the VA, veterans received more than 230,000 VA-guaranteed and direct loans in the amount of about $4.2 billion in fiscal year 1969.

RICH AND DIRTY

The Hoosier 100 Indianapolis Car Race is the richest dirt track race in the world.

Allergies Will Be Discussed

"Allergies of Young Children" is the topic to be discussed by Dr. R.L. Branson, a local pediatric allergist, on Wednesday, September 30 at 8 p.m. at the Casa Estrada, the community room of the Monterey Savings and Loan. The public is invited to this informative program which is sponsored by the Childbirth Education League.

The Childbirth Education League also sponsors prenatal classes stressing "prepared childbirth." For additional information about the program or prenatal classes, call Rose Morrisseau at 372-9302.

More Stars Added To Festival

The three day, five concert Monterey Jazz Festival is set for September 18, 19, 20 in the 7000-seat arena on the Monterey County Fairgrounds. Heavy crowds are expected, and although there are still good seats available for all performances, the management has made arrangements for closed circuit TV boradcasts of the Saturday afternoon and evening and Sunday afternoon concerts. The closed circuit broadcasts are seen in a building on the Fairgrounds. Tickets for the closed circuit broadcasts are $4 for the evening concert and $3 for the afternoon concerts, and are available at the door or at the Festival box office at the Fairgrounds from Thursday, the 17th.

Friday evening, September 18, 9 p.m.: The Tim Weisberg Quintet, The Modern Jazz Quartet, The Alan Copeland Singers, Duke Ellington and his Orchestra in a world premiere performance of "The Afro-Eurasian Eclipse."

Saturday afternoon, September 19, 1:30 p.m.: The Johnny Otis Show, featuring the Rhythm and Blues, Hall of Fame All-Stars with Jimmy Rushing, Big Joe Turner, Ivory Joe Hunter, Charles Brown, Roy Milton, Eddie "Cleanhead" Vinson, Roy Brown, Shuggie Otis, "Sugarcane" Harris, Delmar "Mighty-Mouth Evans, Margie Evans, Pee Wee Crayton and special guest star, Esther Phillips. Johnny Otis, master of ceremonies.

Saturday evening, September 19, 8:15 p.m.: The Slim and Slam Quartet, featuring Slim Gaillard and Slam Stewart with Milt Buckner and Jo Jones; Joe Williams, The Cannonball Adderly Quintet, Woody Herman and his Orchestra.

Sunday afternoon, September 20, 1:30 p.m.: The Oakland Youth Chamber Orchestra under direction of Denis deCoteau with various guest performers and groups. The Modern Jazz Quartet augmented by the Youth Chamber strings, performing "Vendome" by John Lewis; "Concertino" by Miljenko Prohaska; Adagio from "Concierto de Aranjeuz" by Joaquin Rodrigo. Conducted by Denis deCoteau. The Bill Evans Trio augmented by the Youth Chamber Orchestra, performing "Granados" and "Time Remembered" by Bill Evans. Conducted by Denis deCoteau. The Cannonball Adderley Quintet augmented by the Youth Chamber Orchestra performing "Tensity" by David Axelrod. Conducted by the composer. And "Experience In E" by William Fischer. Conducted by the composer. Gabor Szabo augmented by the Youth Chamber Orchestra, performing the world premiere of "The Circle Suite" by William Fischer. Conducted by the composer.

Prince Lasha's Firebirds, featuring Sonny Simmons.

Sunday evening, September 20, 7:15 p.m.: Gabor Szabo new Sextet, Leon Thomas, Sonny Stitt and Gene Ammons, The Hampton Hawes Trio, Buddy Rich and his Orchestra, and special guest pianist and master of ceremonies, Duke Ellington.

(Program subject to change without notice.)

Naval School Military Ball Is Coming

"United We Stand" is the theme for this year's annual Military Ball which will be held October 3 at the Naval Postgraduate School Officers' Club. The ball will commence at 6 p.m. with cocktails and dinner to be followed by the formal ball at 9 p.m. to be held in the ballroom of the Officer's Club. Music will be by the Twelfth Naval District Band under the direction of WO John Inghram.

Tickets will go on sale September 8 and will be available Monday through Friday from 11 a.m. to 1 p.m. at the Student Mail Center.

leaves from the Del Rey theatre around 7 p.m. and stops in Sacramento at the Hofbrau house for a "pause for the cause," drinks and food. It usually arrives in Reno a bit after midnight.

Passengers are greeted by a hostess who extends a welcome to Reno and gives the necessary information on the casinos and what time your bus will depart for home. As I left the bus, the glittering lights of the many casinos were a sight to see (this was my first trip to Reno). Inside the Nugget Casino were hundreds of one-armed bandits, blackjack tables, bars and restaurants to greet the gambling guests. It was also interesting to find out that all cocktails are free as long as you are playing the machines and gambling, you merely beckon a floating cocktail waitress and your wish is granted. When you wish to leave the Nugget Casino in Sparks and journey to downtown Reno, which a group of us did, the taxi fare is $2.10; split five ways it's 42 cents a piece. Gads, I've never seen so many casinos in my life! It seems like veryone you would meet had dollar signs dancing in their eyes; everyone looks so determined and serious. (Smiles). I won $30 on the slot machines, but I put $25 back in them. I was ready to venture back to the bus for the trip home, happy to be coming home with $5 more than I came with. (Smile)

Well, here we are at Jazz Festival time again and you know what? My phone is ringing again this year with people wanting to know where they can buy a ticket in this area. Every place is sold out for the Saturday afternoon and Saturday evening shows. I chuckle because in May I started writing in this column to purchase your tickets early, because working for four years as a hostess for the Festival, I know this happens to Monterey Peninsulans every year. They wait around until the last minute and then have to send out of town for tickets to attend an affair that's happening in Monterey, (tch, tch).

You know what one ticket agent stated the other day? She said that the majority of tickets are sent out of town. It seems to me that the Chamber of Commerce and the Jazz Festival Committee, want to bring the out of town people and their dollars to this area to benefit everyone here. Can you blame them now! The line up of entertainers this year isn't as great as it usually is. Seems to me that when Jimmy Lyons, the director, cut out the rock and pop groups, that did it; I'm still wondering who "Slim and Slam" are and where did they come from. I thought Gene Ammons died in prison. I thought Sonny Stitt had retired? (Smiles) Well, anyway breeze by my way. I'll be in the box seat section to the left upstairs! Please no assassin's bullets or unkindly comments--just friendly smiles will be welcomed and appreciated.

Betty

Case Number: MDR 1323
SUMMONS (MARRIAGE)

In re the marriage of
Petitioner:
LEONA KAYE WRIGHT
and
Respondent:
KENNETH PAUL DANIEL
WRIGHT

To the Respondent: KENNETH PAUL DANIEL WRIGHT

The petitioner has filed a petition concerning your marriage. You may file a written response within thrity days of the date that this summons is served on you. If you fail to file a written response within such time, your default may be entered and the court may enter a judgment containing injunctive or other orders concerning division of property, spousal support, child custody child support, attorneys' fees, costs, and such other relief as may be granted by the court.

If you wish to seek the advice of an attorney in this matter, you should do so promptly so that your written response, if any, may be filed on time.

Dated: August 5, 1970

EMMET G. McMENAMIN
Clerk

By Mary Whitley, Deputy
(SEAL)

The response and other permitted papers must be in writing and in the form prescribed by the California Rules of Court. They must be filed in this court with the proper filing fee and proof of a copy of each on petitioner.

NOTICE OF
TRUSTEE'S SALE
Loan No. 112232-5

On Friday, the 18th day of September, 1970, at 10:00 a.m., in the lobby of the office of Coast Counties Land Title Company, 439 Tyler Street, in the City of Monterey, County of Monterey, State of California, THE FIRST MONTEREY COMPANY, a California corporation, as Trustee, will sell at public auction to the highest bidder for cash, in lawful money of the United States, the following described real property situate in the County of Monterey, State of California, and bounded and described as follows, to-whit:

Lots 261 and 263, and the west six (6) feet of Lots 262 and 264, in Block 4, as shown on "Map No. 3 Del Monte Heights," etc., filed January 8, 1909, in the office of the County Recorder of the County of Monterey, State of California, in Map Book two, Cities and Towns, at page 12.

Said sale will be made without covenant or warranty regarding title, possession or incumbrances, to satisfy the obligations secured by, and pursuant to the power of sale conferred in a certain Deed of Trust, executed by EUGENE F. LeSAGE and JOAN MARY LeSAGE, his wife, as Trustors to THE FIRST MONTEREY COMPANY, a California corporation as Trustee, for the benefit and security of MONTEREY SAVINGS AND LOAN ASSOCIATION, a California corporation, dated August 3, 1966 and recorded August 12, 1966, in Reel 472, at page 1024, of Official Records of Monterey County, California, Series 22654.

Notice of Default of said obligation and election to sell said real property, was recorded in the office of the County Recorder of said Monterey County on the 25th day of May, 1970, in Reel 651 at page 1016 of Official Records of Monterey County, California, Series 11834. Nothing has been paid on account of the principal or interest on said loan subsequent to the filing of said Notice of Default.

This notice is given in compliance with a written application heretofore made on the Trustee by the said Beneficiary.

The owner and holder of the promissory note and the indebtedness secured by said Deed of Trust, or any other person may purchase at said sale.

Case Number 1355
ORDER FOR PUBLICATION
OF SUMMONS

PEARL JEANNETTE
HOFMANN, Petitioner,
and
ERNST NORBERT HORMANN
Respondent

Upon reading the affidavit submitted by petitioner and it satisfactorily appearing therefrom to me that the respondent has departed from the State of California and it also appearing from the verified petition that a good cause of action exists in this action, in favor of the petitioner therein and against the respondent and that the said respondent is a necessary and proper party; and it further appearing that a Summons on the petition has been duly issued out of said Court in this action, and that personal service of the same cannot be made upon said respondent for the reason hereinbefore contained, and by said evidence made to appear; on motion of HOGE, FENTON, JONES & APPEL, INC., attorneys for petitioner it is ordered that the service of said respondent by publication thereof in the SEASIDE POST NEWS-SENTINEL, a newspaper of general circulation purblished at Seaside, California, hereby designated as the newspaper most likely to give notice to said respondent; that said publication be made at least once a week for four weeks.

And it further in like manner satisfactorily appearing to me that the last known place of residence of said respondent is 520 Park, Pacific Grove, California. It is ordered and directed that a copy of said Summons and of said Petition in this action be forthwith deposited in the United States post office, postpaid, directed to said Summons and of said Petition shall be deposited in the post office, as aforesaid by GLORIA MOBERT who is hereby selected to perform that duty. Undelivered letters shall be attached to the Affidavit of Mailing.

Done this 14 day of August, 1970.

ORDINANCE NO. 375
ESTABLISHING AUTOMOBILE SALES LICENSE TAX

THE CITY COUNCIL OF THE CITY OF SEASIDE does ordain as follows:

The Municipal Code of the City of Seaside is amended by adding a certain section as follows:

3-324.1
Every person carrying on the business of automobile, truck, trailer and boat sales, either new or used, shall pay an annual license tax based on the following formula:
Gross Receipts of $100,000.00, or less, per annum the sum of $51.00.
Gross Receipts in excess of $100,000.00 per annum the sum of $51.00 plus $.75 for each $5,000.00 of Gross Receipts or fraction thereof in excess of $100,000.00 per annum.

Every person licensed under this Section shall also be permitted to rent or lease automobiles, trucks, trailers and boats without an additional license, provided however, the Gross Receipts from said leasing or renting shall be added to the Gross Receipts under this Section.

All ordinances or resolutions or parts of ordinances or resolutions in conflict herewith are hereby repealed insofar as they conflice with this or ed insofar as they conflict with this ordinance.

This ordinance shall be published once after its passage in the Seaside POST News-Sentinel and shall be in force and take effect thirty (30) days from and after its passage and approval.

INTRODUCED this 20th day of August, 1970.

PASSED AND ADOPTED at a regular meeting of the City Council of the City of Seaside duly held on the 3rd day of September, 1970, by the following vote:

THE CITY COUNCIL OF THE CITY OF SEASIDE does ordain as follows:

The Municipal Code of the City of Seaside is amended by changing a certain section as follows:

Section 6 (Fifth line) Change to read as follows:
After the word ... "before": June 30, 1971
After the word ... "fix": February 28, 1971

All ordinances or resolutions or parts of ordinances or resolutions in conflict herewith are hereby repealed insofar as they conflice with this ordinance.

This ordinance shall be published once after its passage in the Seaside POST News-Sentinel and shall be in force and take effect thirty (30) days from and after its passage and approval.

INTRODUCED this 20th day of August, 1970.

PASSED AND ADOPTED at a regular meeting of the City Council of the City of Seaside duly held on the 3rd day of September, 1970, by the following vote:

AYES, Councilmen: McGrath, Ross, Murray, Carey and Mayor Haddad
Murray, Carey and Mayor Haddad
NOES, Councilmen: None
ABSENT, Councilmen: None

LOUIS N. HADDAD
Mayor of the City of Seaside

ATTEST:

FRANCES R. CARPINO
Deputy City Clerk of the City of Seaside

PUBLISHED: September 17, 1970

ORDINANCE NO. 377

APPROVING THE URBAN RENEWAL PLAN AND THE FEASIBILITY OF RELOCATION FOR HANNON PROJECT (HANNON REDEVELOPMENT PLAN) AS REVISED

THE CITY COUNCIL OF THE CITY OF SEASIDE does ordain as follows:

SECTION 1. Under the provisions of Title I of the Housing Act of 1949, as amended, the Housing and Home Finance Administrator is authorized to provide financial assistance to Local Public Agencies for undertaking and carrying out urban renewal projects.

SECTION 2. It is provided in such Act that contracts for financial aid thereunder shall require that the Urban Renewal Plan for the respective project area be approved by the governing body of the locality in which the project is situated and that such approval include findings by the governing body that: (1) the financial aid to be provided in the contract is necessary to enable the project to be undertaken in accordance with the Urban Renewal Plan; (2) the Urban Renewal Plan will afford maximum opportunity, consistent with the sound needs of the locality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise; (3) the Urban Renewal Plan conforms to a general plan for the development of the locality as a whole; and (4) the Urban Renewal Plan gives due consideration to the provision of adequate park and recreational areas and facilities, as may be desirable for neighborhood improvement, with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the Plan.

SECTION 3. The Redevelopment Agency of the City of Seaside (herein called the "Local Public Agency") has entered into a planning contract for financial assistance under such Act with the United States of America, acting by and through the Housing and Home Finance Administrator, pursuant to which Federal funds were provided for the urban renewal project (herein called the "Project") identified as "Hannon Redevelopment Plan" (being the Amended Plan of said Project) and encompassing the area in the City of Seaside, County of Monterey, State of California, (herein called the "Locality") described as appears on pages 2 and 3 of Exhibit A attached hereto.

SECTION 4. The Local Public Agency has applied for financial assistance under such Act and proposed to enter into a contract or contracts with the Housing and Home Finance Agency for the undertaking of, and for making available financial assistance for, the Project.

SECTION 5. The Local Public Agency has made detailed studies of the location, physical condition of structures, land use, environmental influences, and social, cultural, and economic conditions of the Project area and has determined that the area is a blighted area and that it is detrimental and a meance to the safety, health, and welfare of the inhabitants and users thereof and of the Locality at large, because of widespread dilapidation, substandard dwellings, overcrowding, lack of adequate facilities, inadequate lot sizes, and other factors establishing dilapidation and need for rehabilitation, and the members of this Governing Body have been fully apprised by the Local Public Agency and are aware of these facts and conditions.

SECTION 6. There has been prepared and referred to the City Council of the Locality (herein called the "Governing Body") for review and approval a revised Urban Renewal Plan for the Project area, and consisting of 43 pages and 4 exhibits.

SECTION 7. Said Urban Renewal Plan, as revised, has been approved by the Governing Body of the Local Public Agency, as evidenced by the copy of said Body's duly certified resolution approving said revised Urban Renewal Plan, which is attached thereto.

SECTION 8. A general plan has been prepared and is recognized and used as a guide for the general development of the Locality as a whole.

SECTION 9. The Planning Commission, which is the duly designated and acting official planning body for the Locality, has submitted to the Governing Body its report and recommendations respecting said revised Urban Renewal Plan for the Project area and has certified that said revised Urban Renewal Plan conforms to the said general plan for the Locality as a whole, and the Governing Body has duly considered said report, recommendations, and certification of the planning body.

SECTION 10. Said revised Urban Renewal Plan for the Project area prescribes certain land uses for the Project area and will require, among other things, changes in zoning, the vacating and removal of streets, alleys, and other public ways, the establishment of new street patterns, the location and relocation of sewer and water mains and other public facilities, and other public action.

SECTION 11. The Local Public Agency has prepared and submitted a program for the relocation of families that may be displaced as a result of carrying out the Project in accordance with said revised Urban Renewal Plan.

SECTION 12. There have also been presented to the Governing Body information and data respecting the relocation program which has been prepared by the Local Public Agency as a result of studies, surveys, and inspections in the Project area and the assembling and analysis of the data and information obtained from such studies, surveys, and inspections.

SECTION 13. The members of the Governing Body have general knowledge of the conditions prevailing in the Project area and of the availability of proper housing in the Locality for the relocation of families that may be displaced from the Project area and, in the light of such knowledge of local housing conditions, have carefully considered and reviewed such proposals for relocation.

SECTION 14. It is necessary that the Governing Body take appropriate official action respecting the relocation program and said revised Urban Renewal Plan for the Project, in conformity with the contract(s) for financial assistance between the Local Public Agency and the United States of America, acting by and through the Housing and Home Finance Administrator.

SECTION 15. The Governing Body is cognizant of the conditions that are imposed in the undertaking and carrying out of urban renewal projects with Federal financial assistance under Title I, including those prohibiting discrimination because of race, color, creed, or national origin with respect to housing, facilities related to residential use, and all public facilities within a project area; public facilities proposed as noncash local grants-in-aid; and employment.

SECTION 16. It is hereby found and determined by the City Council of the City of Seaside, in accordance with the Community Redevelopment Law of the State of California (Health and Safety Code, Section 3300 et seq.), that:

(a) The project area is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in said Community Redevelopment Law, and qualifies as an eligible Project area.
(b) The revised redevelopment plan would redevelop the area in conformance with said Law and in the interests of the public peace, health, safety, and welfare.
(c) The adoption and carrying out of the revised redevelopment plan is economically sound and feasible.
(d) The revised redevelopment plan conforms to the general plan of the community.
(e) The carrying out of the revised redevelopment plan would promote the public peace, health, safety, and welfare of the community and would effectuate the purposes and policy of said Law.
(f) The condemnation of real property, provided for in the redevelopment plan, is necessary to the execution of the revised redevelopment plan and adequate provisions have been made for payment for property to be acquired as provided by law.
(g) The program of the Local Public Agency for the proper relocation of the families displaced in carrying out the Project in decent, safe, and sanitary dwellings in conformity with acceptable standards is feasible and can be reasonably and timely effected to permit the proper prosecution and completion of the Project; and that such dwelling or dwelling units available or to be made available to such displaced families are at least equal in number to the number of displaced families, are not generally less desirable in regard to public utilities and public and commercial facilities than the dwellings of the displaced families in the Project area, are available at rents or prices within the financial means of the displaced families, and are reasonably accessible to their places of employment.
(h) The revised Urban Renewal Plan for the Urban Renewal area gives due consideration to the provisions of adequate park and recreational areas and facilities, as may be desirable for neighborhood improvement, with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the Plan.
(i) The revised Urban Renewal Plan for the Urban Renewal Area will afford maximum opportunity, consistent with the sound needs of the Locality as a whole, for the urban renewal of such areas by private enterprise.
(j) The objectives of the revised Urban Renewal Plan cannot be achieved through more extensive rehabilitation of the Project area.
(k) The financial aid provided and to be provided pursuant to said contract(s) for Federal financial assistance pertaining to the Project is necessary to enable the Project to be undertaken in accordance with the revised Urban Renewal Plan for the Project area.

SECTION 17. The City Council of the City of Seaside is satisfied permanent housing facilities will be available within three years from the time occupants of the project area are displaced and that pending the development of such facilities there will be available to such displaced occupants adequate temporary housing facilities at rents comparable to those in the community at the time of their displacement.

SECTION 18. Said revised Urban Renewal Plan for the Project aforementioned, having been duly reviewed and considered, is hereby approved and designated as the official redevelopment plan of the project area, and copy of said Plan is attached hereto, marked Exhibit A, and incorporated herein by reference.

SECTION 19. In order to implement and facilitate the effectuation of the revised Urban Renewal Plan hereby approved, it is found and determined that certain official action must be taken by this Body with reference, among other things, to changes in zoning, the vacating and removal of streets, alleys, and other public ways, the establishment of new street patterns, the location and relocation of sewer and water mains and other public facilities, and other public action, and, accordingly, this Body hereby (a) pledges its cooperation in helping to carry out such revised Urban Renewal Plan; (b) requests the various officials, departments, boards, and agencies of the Locality having administrative responsibilities in the premises likewise to cooperate to such end and to exercise their respective functions and powers in a manner consistent with said revised Urban Renewal Plan; and (c) stands ready to consider and take appropriate action upon proposals and measures designed to effectuate said revised Urban Renewal Plan.

SECTION 20. Financial assistance under the provisions of Title I of the Housing Act of 1949, as amended, is necessary to enable the land in the Project area to be renewed in accordance with the revised Urban Renewal Plan for the Project Area and, accordingly, the filing by the Local Public Agency of an application or applications for such financial assistance under said Title I is hereby approved.

CHRYSLER MOTORS CORPORATION

Announcing the 1971 Duster.

The big difference in small cars.

We first introduced the Duster as the best transportation bargain in America. It still is. And we built Duster to be America's "small-enough-but-big-enough" car. And it still is.

Small car lovers of America, your day has come.

You have more tires to kick, more doors to slam, more hoods to look under, more colors to choose from and more test drives to take than ever before.

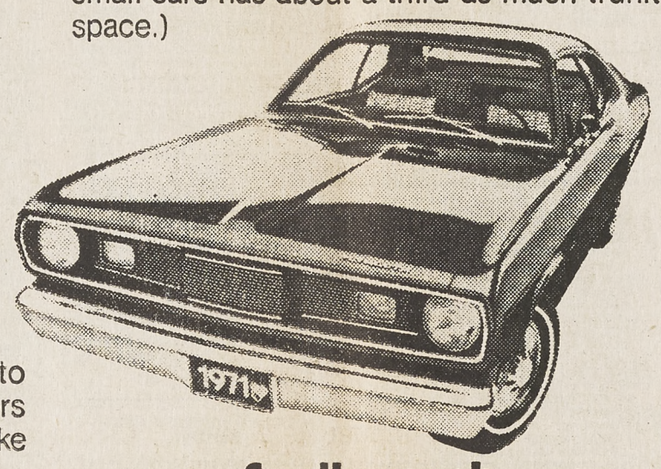
Which leaves us to convince you that Duster gives you the most car for the money. That it's small enough, but big enough. And that, all in all, it's the ideal small car.

Room. More of it to accomodate more passengers. More of it to accomodate more luggage.

Most small cars are four-passenger cars. And when you sit in some of them, they feel like they were built for three-and-a-half passengers.

Duster's a five-passenger car. It seats five, comfortably.

Besides carrying more up front, Duster carries more in the trunk. You can stuff 15.9 cubic feet of stuff into it. (One of the new small cars has about a third as much trunk space.)



Small enough for maneuverability. Big enough for stability.

Duster's small enough to slip into about ¾ of a parking space. Yet it's big enough to give you stability on the open highway.

It has our unique torsion-bar suspension (for better handling). And unibody construction—its strength completely surrounds you.

So Duster can handle stop-and-go city traffic as well as freeway traffic because it's the right size, the right weight and it *handles*.

Our small-enough-but-big-enough car has a small-enough-but-big-enough engine.

Duster's standard engine is our rugged 198 cubic inch, 125 horsepower Six.

It gives you great gas mileage *and* a little more power than other small cars' smaller engines.

And that's a perfect combination.

Options. You have over 50 to choose from when you order a Duster.

Think of it this way. It's a convenience to have a lot of conveniences to choose from.

If you're considering buying a new small car, and you have certain options in mind to go along with it, you may find Duster the only small car that offers them.

There are things like a Stereo Cassette Tape Player, V-8 engine, vinyl roof and power brakes that you just can't get on some small cars.

The Duster success story: to be continued.

No doubt about it. Duster is the car for the times.

Over 175,000 Duster buyers thought so last year. And we expect more of the same kind of success with the 1971 Duster.

Before you buy a small car, look at our small car.

Duster. Built and engineered with extra care.
